Silverton internal layout

Simple, natural design creates luxury for family holidays. The Silverton is practical and prestigious.

At one with being surrounded by trees, lakes and rivers, the Silverton is the perfectly simple family or couple retreat. Fitting into the eco design, the natural materials used manufacturers a natural theme from the cedar cladding, lead flashing, galvanised piping & pebble grey windows and doors. The exterior is made simple, clean cut, promoting the natural pure design of the Silverton, welcoming any lifestyle in to a cosy intimate lodge.

Walking into the living room you're met with your view through the end facing French doors & apex windows allowing for you to enjoy your chosen view properly, shedding natural light onto the open plan dining, living room. Sink into the 2 large beaten tan leather sofas and enjoy the natural tones of the Silverton, there to bring you closer to nature and true holidaying.

In ample of space, the dining table is ideal for a large number of family or friends tucking into a raucous banquet.

The kitchen is separated by a half wall, splitting it off from the dining room. With a wraparound style, it is fully equipped with all the appliances needed to cater for banquets or gastro dining. The kitchen units replicate the natural moss grey, a soft colour to add to the natural oak worktop and stone tiles.

The second bedroom is pure, simple & functional design. Plenty of space for 2 solid oak luxurious

single beds and bedside table draw and the built in wardrobe provides more space for the children's or guests belongings.

In the main bathroom, the combination of a single glass pane shower screen, floor to ceiling opening windows and a very large mirrored cabinet enlarges and lightens up this room given off a spa treatment feel every day.

At the end of the holiday awaits the master bedroom. Set your sight on a jaw dropping, beautiful, welcoming king-size solid oak four poster bed draped in voiles. Read the newspaper in the natural light of the velux and floor-to-ceiling opening windows. With a large double built in wardrobe & single storage cupboard, there is space in abundance to get ready for the day with the solid oak dressing table & stool.

The en-suite which is of natural design holds a large shower elegantly tiled in soft cream. The same counter balanced sink & hidden cistern toilet as the bathroom, the en-suite really is your own simple unwinding retreat.

The Silverton is simple, practical but ingeniously designed with natural materials used, complimented by the soft palette of colours to create the most naturally relaxing, woodland retreat perfect for rejuvenating your mind & body.
