INNOVATION • INSPIRATION • IMAGINATION

stylish & ecological studios for your outdoor space

One of our newest ventures here at Pathfinder Homes, are Garden Pods. Garden Pods are designed with the aim of creating a space, usually within a residential garden or piece of land, that can be used for a variety of uses and created based on a customer's personal requirements.

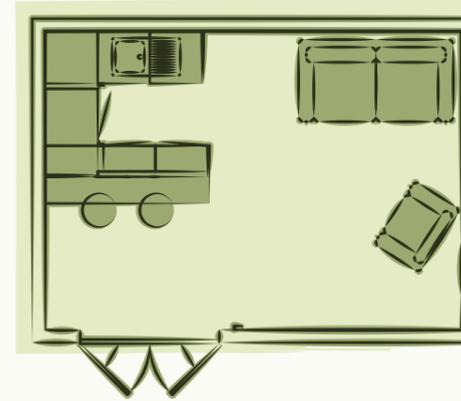

Prices start from just **£15,000**

Our garden pods are designed and built with each individual customer's wants and needs in mind. Whether you're looking for an extra bedroom, somewhere to study or even just a space where you can get away and have some 'me time', the garden pod is the perfect solution. We have designed the pods to make them completely flat packable, which means no matter how small your garden, or narrow your drive, getting one in will be easy, and moving it to a different location is no problem as well.
