Custom sizes and layouts can be designed on request.

The Forest is one of our most spacious homes with perfect areas for entertaining and relaxing.

In this perfectly considered space, you can make breakfast, entertain guests for dinner, or sit comfortably on the sofa in front of the TV. In true Pathfinder Homes' style, this design represents a merge with nature, with the opportunity to relax on the porch in the warm summer evenings or crisp, clear autumn nights, staying undercover to enjoy the local scenery.

On the veranda is the suspended round egg chair, perfect for sitting out under the night sky and star gazing, cosied up with a warm drink. The main entrance features a pale Clarkenwell Green door with the same colour framing the glazing. This in turn leads straight into a well-organised boot room area with plenty of practical space.

The open plan kitchen features integrated units & appliances with overhead cupboards. From the kitchen, you have access through to the breakfast bar via the wide-open serving hatch providing a quick and easy dining experience. The master bedroom showcases a pale blue feature wall with hanging feature lights. Above the bed is a large landscape Georgian glassed window. Complete with a large inbuilt wardrobe leading through into the en-suite. Both bedrooms are light and airy with the second bedroom opposite the main bathroom. The bathroom is fitted with a towel radiator, internal shutters and a beautifully designed tear-drop shaped bath. The Forest is perfectly spacious and fully utilises the veranda's character. This lodge blurs the lines between residential and holiday living perfectly embracing the concept of bringing the outside in.
